**Whole Truth Solutions Proudly Launches 3 New Bath Bars**  
**Orange Snickerdoodle, Mud & Glory and Pomodoro Sapone (Tomato Soap)**  
**Available to the Public in July**

Lucky for us, Whole Truth Solutions is still spreading healthy beauty one delightful Bath Bar at a time. This time it's in the form of three incredible new scents that are sure to become favorites. Let us present the new additions to the Whole Truth Solutions repertoire...Orange Snickerdoodle, Mud & Glory and Pomodoro Sapone (Tomato Soap):

**Orange Snickerdoodle (Founder, Teresa Bebla's favorite cookie!)**  
This bar is spicy and sweet thanks to the mix of cinnamon, orange and anise (you'll get a hint of black licorice!) with just a sprinkle of sugar. This bar is the epitome of refreshing as organic meadow foam seed oil moisturizes your skin and the spicy citrus essential oils lift your spirit.

**Mud & Glory** - It's said that beauty is in the eye of the beholder and the spirit of this Bath Bar is that some of the most beautiful things come from a muddy past. Mineral rich Dead Sea Mud & Bladderwrack (which is said to assist in anti-aging) are combined with exotic antioxidant rich noni fruit in this glorious bar. Peppermint oil is then added to tantalize the senses and reduce tension while the eucalyptus oil aids in peaceful breathing.

**Pomodoro sapone (tomato soap)** - This exquisite bar is a lovely herbal infusion of therapeutic tomato seed oil, lycopene rich tomato powder, sweet herbaceous basil leaf and cleansing thyme extract. The journey to Italy becomes complete as the bar is finished with drizzles of rosemary oil.

**Bath Bars Nature Would Be Proud Of:** Every Whole Truth Solutions Bath Bar is perfectly imperfect as each is slightly different in shape from being handmade and hand-cut. Filled with the finest organic oils and butters, then infused with healing herbs, tea blends and other natural elements, these beautiful bars are a product of love and care and certainly ingredients that Mother Nature would be proud of. Created using the cold-process of soap making and then cured for at least four weeks ensures that they are hard and long lasting.

**A Couple Proves that True Beauty Comes Naturally**

Dismayed by the hundreds of eco-friendly, all natural, bath and body "imposters" on the market, husband and wife team, Teresa and Frank Bebla decided to take action and create a company that could embrace all of those titles, truthfully! Certified in Holistic Nutrition, a Licensed Massage Therapist and currently working on a bachelors' of Science in Holistic Health, Teresa has always had a passion for healthy and holistic living. Therefore, Whole Truth Solutions, is a proud signer of the Campaign for Safe Cosmetics, has taken the Truth in Labeling Pledge and donates a portion of proceeds to the Cancer Prevention Coalition.

**Whole Truth Solutions' Bath Bars are Available at [www.WholeTruthSolutions.com](http://www.WholeTruthSolutions.com) for \$6.50 a Bar and Packaged in 100% Recycled Material**
